

4th. Grade Ms. Mayr's Supply List:

Your child will need to have their name on each item and be able to keep them organized in their desk. You may keep extra school supplies at home and then refill as they run out. (I.E. they do not need all four glue sticks at once. One in their desk supply will do.) The desk supplies might fit best and stay neater in a zip type pouch that will fit in their desk.
