

Dear Cougar Parents,

The *EdTech* bookstore will be opening **Monday, July 18th**. The *EdTech* store will sell all of our texts, both digital and print. *EdTech Software* also partners with Amazon to help our parents find the best purchasing options for print books. The majority of our high school courses have adopted digital texts for their classes. **If the digital form of a textbook is listed as the required text for a course, the digital text is the one that must be purchased.** While you have the option of purchasing an additional print version per your student's learning needs, the teacher will be basing his/her classroom instruction from the digital version.

How do you access the *EdTech* bookstore? It is relatively easy.

1. Once the bookstore is open, go to the following active link: [CAP.shelfit.com](http://CAP.shelfit.com).
2. Click on the blue **Log in with your school** button.
3. This will open a Google login screen. Please enter your student's Google credentials listed below. (Please note that the student password is now the new FACTS student ID which should have been received through school email.)

Username: firstname.lastname@k12cougars.cc

4. You will see a **Course Access Bundle**, which is comprised of digital curriculum that are required purchases for the courses your student is taking. You can click on **View Course Materials** to see what is included in this fee.
